Operation Smile

Changing Lives One Smile at a Time

Founded in 1982, Operation Smile (www.operationsmile.org), headquartered in Norfolk, Virginia, is a worldwide children's medical charity whose network of global volunteers are dedicated to helping improve the health and lives of children and young adults. Since its founding, Operation Smile volunteers have treated more than 115,000 children born with cleft lips, cleft palates and other facial deformities. In addition to contributing free medical treatment, Operation Smile trains local medical professionals in its 26 partner countries and leaves behind crucial equipment to lay the groundwork for long-term self-sufficiency.

You can help too. Purchase any Fluorescence™ Tooth Whitening Kit and Vista Dental will make a donation to Operation Smile for each and every sale.

FLUORESCENCE™ Tooth Whitening System

Fluorescence™ is a take home whitening system, available as a 16% or 22% clear and viscous carbamide peroxide gel that is mint flavored and dispensed in unit dose syringes. Fluorescence™ has been shown to help decrease chances of cavity formation and lower sensitivity.

- 16% and 22% Carbamide Peroxide plus FLUORIDE!
- Mint flavored
- Clear and viscous gel that stays in place
- Fluoride helps lower sensitivity and helps increase hardness of enamel
- Available in Doctor's Kits (pictured below) and Refill Kits **Dr. Kits Buy 2 Get 1 FREE**
Refill Kits Buy 1 Get 1 FREE
